TOP NOTCH TENNIS SUMMER CAMPS

WHERE KIDS PLAY TO LEARN THE GAME OF TENNIS

This program is coordinated by Eddie Gomez.

We have a genuine desire to improve your child's tennis ability in the fun atmosphere of a tennis summer camp.

Our highest priority in summer camp is to have fun while playing to learn, either the basics or advanced techniques of tennis, in a safe environment.

Munchkin camps are focused on excitement and fun while learning to make contact with the ball. Campers will be shown how to hit the ball and have success at it. Many types of games and drills will be used to introduce your child to the fun game of tennis.

Junior Development Camps are designed to introduce children to the game of tennis. They will learn the basics of tennis: parts of the court, basic court positioning, all of the strokes needed to successfully hit the ball, how to play a game, and how to keep score of that game. If your child is an intermediate or advanced player, these camps will help them improve on their all-round game of tennis, including strokes, footwork, tactics, strategy for singles and doubles and the mental side of the game.

We place kids into groups of similar age, ability and needs. If your child is a younger player, but has a higher level of playing ability than those of the same age, he or she will be placed in a group that is compatible with their ability.

Rain-outs. In case of inclement weather, that day will be made up on another day. Please call ahead to schedule your child's make up day. Refunds will not be given.

What to bring: Water bottle, sun screen (or apply at home before coming), hat, cool loose-fitting clothes, tennis shoes (no black-soled shoes allowed on courts), towel (optional), tennis racquet, and a snack and drink for our mid-morning breaks. Ice will be provided daily.

Racquets are available for purchase at reduced summer camps rates.

In order that the department assures compliance with ADA (Americans with Disabilities Act), please make the staff who work with the program/facilities aware of any specific physical or service accessibility need, so that we can reasonably accommodate your request.
